THE BROKER OPPORTUNITY YOU'VE BEEN WAITING FOR

Learn how you can set yourself up for the financial success you've always wanted when you become a broker with UAA and Nationwide® today.

IT'S TIME YOU ACHIEVED YOUR DREAMS

United Advantage Agency has partnered with Nationwide® to bring you an opportunity that no one else in the industry is offering for their brokers.

This isn't just your next job. This is *the career* that will allow you to be financially secure enough to retire in as little as **FOUR YEARS**.

Have you ever wondered what it would be like if you didn't have a ceiling on the amount of money you could make selling level-funded health benefits? Or had the ability to determine your own compensation rate instead of a company that decides it for you? What about the ability to be in charge of your own career without having to go it alone, taking advantage of support, training, and guidance that sets you on the path toward success?

The opportunity you've been waiting for is right in front of you.

As a broker with UAA and Nationwide®, you get to experience all this and more.

When you work with us, you're guaranteed a top contract, so you can feel confident that those incredible opportunities won't be elusive to you any longer.

You choose your own compensation rate, and you get to determine it *for each policy you write*. We don't tell you what it has to be. And because you get to set your own rate, the sky's the limit for your

income potential. No longer will you watch yourself move closer and closer to the cap on the amount of money you can make because there is no ceiling.

When you become a broker with us, we make sure you have access to all the tools you need to help you achieve success. After all, we want to give you a career you can retire from.

We provide you with ongoing training, support, and a true marketing package that relieves the stress of the process. When you pair that with our electronic filing system, you can concentrate more on servicing your clients rather than worrying about chasing a paper trail.

Isn't it about time you achieved your dreams and put yourself on a path towards a successful and secure financial future?

When you're a broker with UAA and Nationwide®, you can.

"What we're offering is unheard of, and at the same time, incredibly achievable." -

John David Precour, VP Business Development, UAA

Everyone wants the chance to make as much money as possible in the quickest amount of time. But is it actually realistic?

The 4 Year Broker Retirement Plan from United Advantage Agency is not just realistic, it's absolutely possible for anyone, whether you've been in the industry for several years or just a few days.

When you recruit five other brokers, you each are gaining access to the chance of a lifetime.

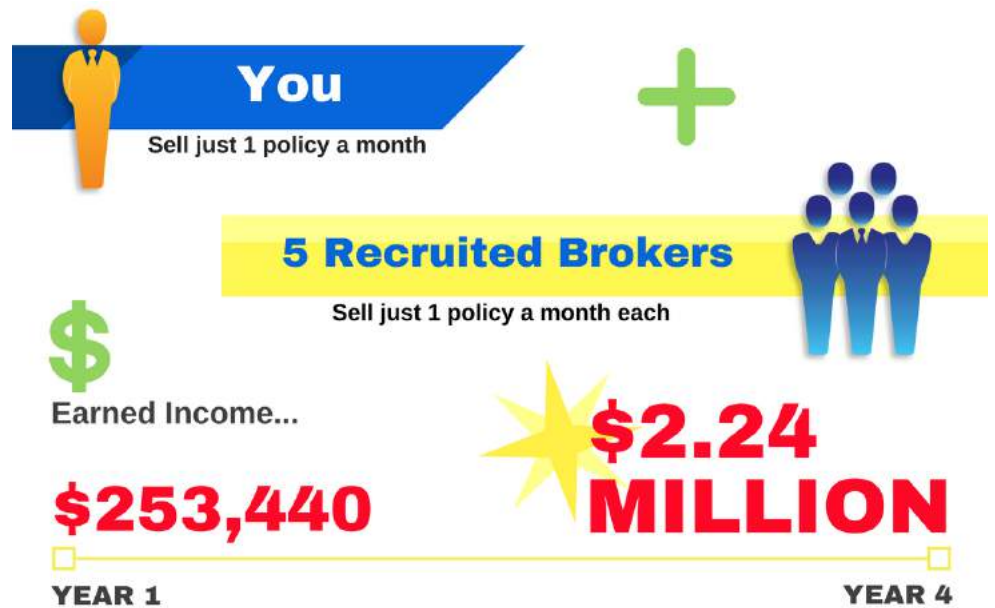

In order to live the life you've been dreaming of and retire in just four short years, all you need to do is concentrate on selling one policy per month each. **That's it.**

By the end of your first year, you'll already be experiencing the earned income of a seasoned broker with multiple years in the business, and you'll have achieved it in just twelve months.

And at the end of your fourth year, you'll be flying high with over \$2 million in earned income.

Now, that's an incredible opportunity for early retirement.

When you're offered the chance for financial freedom like you've never experienced before from a reputable company that's been in the broker business for years, how could you possibly say no?

HOW WE GET YOU THERE

We want you to succeed. And we want you to be able to fully retire in four years or keep building upon your financial success far beyond that if you choose.

In order to make that happen, UAA and Nationwide® are proud to offer you ample opportunities to further your achievements as a broker.

We've created a system and a vast array of helpful tools to do just that.

As a broker with us, you'll have access to a back office where you can quickly and easily run quotes online.

You'll also get direct access to our Underwriters so you can experience more opportunities for sales.

What's more, UAA

provides you with **FREE leads**, getting you in front of employers that are interested in level-funded health benefit plans for their company, allowing you to further build your business.

DON'T FORGET THE BONUSES

In addition to the incredible income potential you have as a broker selling our level-funded health benefits to employers of small businesses, and the option to make even more by selling our ancillary services, UAA provides extremely generous bonuses when you recruit other brokers.

Those recruited brokers help you reach the UAA 4-Year Retirement Plan, and they're another great way to achieve your financial success goals.

WE'LL DRIVE YOUR MARKETING

Every successful broker needs a quality website and a team of experts that drive traffic to it to increase sales and leads.

UAA not only provides you with your own quality website, but we also back you with a marketing team that focuses on directing interested employers searching for health care benefits for themselves and their employees to your site. This gives you even more opportunities for selling level-funded health benefit plan packages, making more money, and shortening your time to retiring early.

Your UAA provided website will also feature marketing materials and videos that sell the products *for you*.

These tools are just another way UAA and Nationwide® have come together in a commitment to your success.

In order to reach your dreams of financial freedom, UAA understands it isn't about bringing you on board and then leaving you to figure out the rest. We want you to know, you don't have to go it alone.

In order for you to be successful, you need access to training and materials that put you ahead of the curve in the health benefits industry.

UAA and Nationwide® are here to keep you at your best by providing top-notch, ongoing training through videos, webinars, and our exclusive app for brokers designed to provide you with the latest up-to-date

information of the trade.

By having unlimited access to these materials as well as our dedicated team members, you can finally experience success as a broker while feeling truly equipped to run your business. You'll feel confident knowing you're knowledgeable in the information you're providing to the employers of the small businesses you're selling to.
